The Remote

Product Story

Long	Waterproof, wearable and mountable, The Remote is made tough for any adventure. It uses Bluetooth® Low Energy for maximum battery life and easy pairing with your camera. The large high-resolution display lets you check your camera's status with a quick glance. Glove-friendly, tactile buttons make recording, changing presets and switching camera functions a snap. Includes a handy wrist strap that also lets you attach The Remote to your gear.
Medium	This tough waterproof remote uses Bluetooth® Low Energy for maximum battery life and easy pairing with your camera. It features a large high-resolution display that lets you check your camera's status at a glance, glove-friendly buttons and a handy wrist strap.
Short	This tough waterproof remote uses Bluetooth® Low Energy for maximum battery life and easy pairing with your camera, plus a large high-resolution display.

Feature Bullets

1	Bluetooth® Low Energy improves the battery life of both The Remote and the camera that it's connected to while also improving pairing over previous GoPro remotes ¹
2	Large high-resolution screen makes it easy to check camera status
3	Large tactile buttons give you easy control of camera functions
4	Rugged design is wearable, mountable and waterproof to 16ft (5m) ²
5	Range up to 196ft (60m) in optimal conditions
6	Controls up to 5 cameras at a time
7	Includes a convenient wrist strap that also lets you attach The Remote to grips, handle bars and gear
